2015 PEOPLE IN MOTION SHOW DATES ANNOUNCED!

We are very excited to announce the dates for the 2015 People in Motion Show which will once again take place at the Queen Elizabeth Building on the Exhibition Grounds in Toronto from May 29th to May 30th, 2015. We will also hold our official Opening Ceremony at 11:00 am on Friday, May 29th, 2015 at the south-east entrance of the Queen Elizabeth Building. Several dignitaries have been invited and all are welcome!

NEW PARTNERSHIPS

It is with great excitement that we announce some exciting new partnerships that we have secured for the People in Motion Show with the Canadian Council on Rehabilitation and Work (CCRW) and The Council of Ontario Universities (COU). CCRW will be bringing their very successful Career Fair for persons with disabilities to the People in Motion Show. Their first Career Fair was held in October 2014 and featured over 500 registrants and some of the top employers in the country. This will be a great addition to the show and we are very excited to be working with CCRW on this great project.

COU will be bringing their successful IDeA Competition to the show which will be the culmination of a competition province wide where students are challenged to come up with innovative, cost effective and practical solutions to accessibility related barriers in the community. The finalists of this competition will have their products and ideas on display at the People in Motion Show which will also feature the picking of a winner in the awards ceremony to be held at the show. PiM is proud to be hosting this competition at the show.

RETURNING TO THE SHOW

You can expect to once again see the return of features that made a debut at last year's show to great success including the Disability Sports Demonstration Area, Para Archery Range, Blind Fishing Display and the Seminar Stage. Keep checking back for more updates over the next few weeks and months.

DISABILITY TODAY NETWORK CHANNEL LAUNCH

Based on our great relationship with the Disability Today Network, we have decided to launch a new channel on the Disability Today Network. This is a dedicated page to the People in Motion Show and will feature our social media feed, articles, video features on exhibitors and features at the show as well as updates on the show itself. We will also use this channel as a tool to promote existing exhibitors as well. The Disability Today Network webpage is a unique and targeted site for persons with disabilities that is looked at day in and day out.
